

# LOMDEI'S BLENDED & PERSONALIZED LEARNING (BPL) PROFESSIONAL DEVELOPMENT & COACHING PROGRAM

## WHAT IS BPL?

- BPL is an educational approach that enables the teacher to **customize the learning experience** for each student.
- BPL is designed to respond to **each student's learning needs and interests**.
- BPL encourages students to be **reflective** about their learning and to take **responsibility** for their learning path.
- BPL can be successful with or **without the use of technology**.

## SOME BENEFITS OF BPL

- BPL is **more engaging for students**. Students are provided with opportunities to be appropriately challenged and are more likely to receive timely and specific feedback.
- Teachers get to know their students better and develop **deeper, more meaningful relationships** with them.
- **Classroom management is often significantly easier** when students are actively engaged in a BPL environment. This makes the job of the *rebbe* or *morah* easier and more enjoyable.
- Data is effectively used to inform instruction, leading to an **increase in student knowledge and understanding** of the curriculum.

## LOMDEI'S BPL ADVANTAGE

- Lomdei can appreciate a yeshiva's **specific hashkafic values, such as the need to limit or eliminate the use of internet or computer technology** and can customize the yeshiva's BPL training accordingly.
- Lomdei's coaches and facilitators are *Limudei Kodesh rebbeim* and *moros* themselves, who have been trained and coached in the methods of Blended and Personalized Learning. Our highly professional staff will provide a more **comfortable** and effective learning environment for fellow *Limudei Kodesh* teachers.
- Teachers will **enhance their knowledge and expertise** in this educational method through guidance and examples (provided to them) that are **specifically geared to the *Limudei Kodesh* teacher**.
- Lomdei coaches provide specific, concrete, and personalized **support** to each *rebbe* and *morah* as they implement the methods of Blended & Personalized Learning in their classrooms. This is a crucial element in enabling the teachers to become comfortable and familiar with the implementation of this new educational model.

## TITLE DOLLARS & NEXT STEPS

- After extensive research, we have determined that schools can access Title II (PD dollars) to use towards the training and coaching of their *Limudei Kodesh* teachers.
- If you would like to learn more about our course packages, how to access your title dollars, or would like to speak to schools that have joined Lomdei's PD & Coaching Program, please contact Raphael Alter
